EDUCATION DEPARTMENT

The Department of Education being associated with a discipline primarily interdisciplinary in nature caters to the varied domains of students' development. The faculty members of the department take focused measures to cater to both the academic needs and expectations of the students as well as their emotional well-being. Personal care is provided to the students by way of mentoring and remedial teaching. The department admits differently abled students and makes necessary provisions to cater to their individualized educational needs.

The university results of the Department have been commendable. The faculty members as well as the students engage in participatory mode of teaching and learning. Besides active classroom participation and discussion, the students are greatly encouraged to engage in intercollege paper presentation, publication and undertake students' projects. The faculty also engage themselves in research and publication.

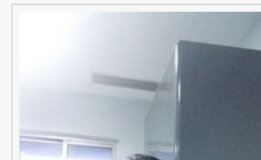

The students of this department find placement in many domains of work as in corporate offices such as Hewlett and Packard, Cognizant, Emami, Viacom and MK Solutions etc . The students also work as interns in various corporate and non-corporate sectors. While some opt for the B.Ed course, others have pursued the Masters in Christ University, University of Calcutta, Jadavpur University, Azim Premji University, Jamia Millia Islamia, Mumbai University, Pune University and others. The subject is diverse and enables students to find a place for themselves in various sectors, be it in the area of Human Resource Management, banking or media. Many have taken the Public Service Commission examinations and are successfully placed in government offices.
