

Report on Faculty Exchange Programme

A Faculty Exchange Programme was organized between Departments of Geography of Loreto College and Women's Christian College from May 11 2026 to May 15 2026. The programme aimed to encourage academic collaboration, exchange of teaching methodologies, and intellectual interaction between faculty members and students of both institutions.

On May 11 2026, Smt Sanchita Gupta from Women's Christian College, conducted a practical class on the topic “Human Development Index (HDI)” from 9:30 a.m. to 10:30 a.m. Later that day, Dr. Falguni Dey conducted a theory class on “Air Masses and Fronts” from 11:45 a.m. to 1:45 p.m. The lecture covered the classification of air masses, formation of fronts, and their influence on weather conditions. Similar class session was conducted by Dr Sushma Sahai from 1p.m. to 2 p.m. at Women’s Christian College on Multidimensional Poverty Index.

On May 14 2026, Dr. Anuradha Mukherjee from Women's Christian College conducted a practical class on “Hypsometric Curve” from 10:45 a.m. to 1:00 p.m. The session provided detailed guidance on the preparation and interpretation of hypsometric curves and their geographical significance in relief analysis. On May 15 2026, Dr Ambika Roy Bardhan and Dr Debasree Sinha conducted classes at Women’s Christian College on Human Development Index and Weather: Stability and Instability from 11a.m. to 12noon and 1p.m. to 2p.m. respectively. The Faculty Exchange Programme proved to be highly enriching and academically beneficial for the students. It created an opportunity for exposure to different teaching approaches and strengthened the academic relationship between the two institutions. The programme was informative, engaging, and successful in promoting collaborative learning.
